

## SUMMARY

**CICASP Seminar in Science Communication #117\***

*Practice presentations 5 PM-, Wednesday, November 27, 2019 (PRI Large Conference Room)*

This block workshop is for students to practice their talks for **International Student Symposium on Animal Behavior & Cognition, the International Seminars on Biodiversity and Evolution, and the PRI Interdisciplinary Seminar**. Sanjana practiced her talk, and the audience members and the CICASP Team gave feedback on what was good about the presentation and what could be improved and how.

## OUTLINE

**CICASP Seminar in Science Communication #118\***

**Year in review** – describe your favorite science story of 2019, 6:30 pm- Wednesday, December 18, 2019 (PRI cafeteria)

Please check Inuyama Nerds#5 poster

## Schedule of CICASP workshops [Fall 2019]

### January Block (1/15)

– Practice talks for Masters Students thesis presentation – feedback on participants' presentation drafts.

### January Block (1/29)

– Scientific debates – discussing controversial topics and scientific breakthroughs, engaging in today's science issues.

### On the Horizon:

- **Professional bios** – create an appealing summary of your academic profile and research interest for CV and professional online profile.
- **Science blogging** – fantastic way to share your research and ideas with a broader audience.
- **Interview practices** – prepare future interviews (jobs and grant applications), finding the best way to introduce yourself, reviewing and anticipating questions.
