## OUTLINE OF UPCOMING SEMINAR

**CICASP Seminar in Science Communication #154**  
*JSPS DC Fellowship Application Guide 2: Improving Drafts*  
4:30 or 5PM\*–6PM, Wednesday, May 12, 2021

**To be held on Zoom (see email announcements for access details)**

**\*To be decided based on the number of contributed drafts**

Following last week's introduction to the JSPS Research Fellowships for Young Scientists, we will look at rough drafts of DC1/DC2 applications shared by this year's applicants and provide feedback on them. We will discuss what makes a good research proposal, with special attention to the style, clarity, and impact.

This workshop is primarily intended for applicants for the doctoral-level (DC1/DC2) fellowships, but **everyone from PRI/WRC/PWS is welcome** to join, whether you are thinking about applying next year or have applied in the past and want to share tips with your colleagues.

**Important:** If you would like to share your rough draft (or any part of it) to be discussed during the workshop on either May 12 or 19, please **let us know by 12 noon on Friday, May 7**, so that we can schedule accordingly. 今回のワークショップでは、日本学術振興会の特別研究員（DC1およびDC2区分）に申請する大学院生に、申請書（英語）の下書きを共有してもらい、修正に向けて改善すべき点等を話し合います。過去に申請された方も、今後申請を考えている方も歓迎です。また、学振関連の申請は日本語で行われる方にとっても、将来日本国外の研究助成機関への申請書を英語で書く時の参考になりますので、ぜひ、お気軽にご参加ください。
