

Research Activity Report
Supported by “Leading Graduate Program in Primatology and Wildlife Science”
(Please be sure to submit this report after the trip that supported by PWS.)

2014. 8, 14

Affiliation/Position	Wildlife Research Center/M1
Name	Ryo Kutsuma

1. Country/location of visit
Kyoto University Sasagamine-hutte
2. Research project
Sasagamine field science course
3. Date (departing from/returning to Japan)
2014.7.22~ 2014.7.25 (4days)
4. Main host researcher and affiliation
Kyoto University Sasagamine hutte
5. Progress and results of your research/activity (You can attach extra pages if needed)
Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.
<p>I visited Sasagamine-hutte, Niigaata-prefecture for Sasagamine field science course. During this visit, I experienced how to use maps, or ropes or zert. Also, I climbed Mt. Hiuchi. It took 10 hours or more. Unfortunately It was very bad weather at that days, but It is a great experience for me that walking 10 hours. For my future fieldwork, This course taught me many useful skills.</p> <div style="display: flex; justify-content: space-around;"> <div style="text-align: center;">  <p>Dragonfly</p> </div> <div style="text-align: center;">  <p>butterfly</p> </div> </div> <div style="display: flex; justify-content: space-around; margin-top: 20px;"> <div style="text-align: center;">  <p>Sasagamine-hutte</p> </div> <div style="text-align: center;">  <p>View from Kouya-ike hutte</p> </div> </div>
