| Affiliation/Position | Wildlife Research Center/M1 |
| Name | Ena Onishi |

| | |
|---|--|
| 1. Country/location of visit | Tokyo |
| 2. Research project | Marunouchi Kids Jamboree |
| 3. Date (departing from/returning to Japan) | 2019.08.12-2019.08.16 (5 days) |
| 4. Main host researcher and affiliation | Tokyo International Forum |
| 5. Progress and results of your research/activity (You can attach extra pages if needed) | <p>Please insert one or more pictures (to be publicly released). Below each picture, please provide a brief description.</p> <div style="display: flex; justify-content: space-between;"> <div style="width: 60%;">  </div> <div style="width: 35%;"> <p>It was my very first time to participate in Kids Jamboree. I worked with Chinese hieroglyphic writing team and taught children how to write zodiac in hieroglyph. I also performed a skit of the story of zodiac. Since it was an unrehearsed work, our skills got better and better during the exhibition.</p> <p>Some of the children were very enthusiastic about animals and it was very impressive to see them having fun with what we prepared. Many children enjoyed writing Chinese hieroglyph and some of them even tried to write all of the 12 animals,</p> </div> </div> <p>or even came to our booth every day.</p> <p>I would love to participate in more of these kinds of activities. This event made me realize the importance of outreach and education.</p> |
| 6. Others | Sincere gratitude to Prof. Matsuzawa and other many people involved for coordinating this event. I would like to thank Ms. Naito and Mr. Sato for organizing this event as student leaders. This could not have been so successful without the help from both of you. |
